CAREER OBJECTIVE:

I am a trained Full Stack Java Developer looking for an opportunity to apply my skills in Java, Spring, and web development. I want to build useful applications, learn new technologies, and grow in a good company. I am eager to work in a team, solve real-world problems, and improve my coding skills.

PROJECT EXPERIENCE :

1.TITLE : Student Management System.

TOOLS : Java ,JDBC ,Servlets ,Mysql , JSP ,Javascript ,HTML, and CSS.

DESCRIPTION : This project is designed to manage student records efficiently. It allows administrators to add, update, delete, and view student details such as name, roll number, course, and marks. The system ensures secure data storage using MySQL and provides a user-friendly interface with JSP and JavaScript.

RESPONSIBILITIES :

- Developed the backend using Java, JDBC, and Servlets for student data management.
- Designed dynamic web pages using JSP, HTML, CSS, and JavaScript for an interactive UI.
- Integrated MySQL to store and retrieve student details efficiently.
- Implemented CRUD operations (Create,Read,Update,Delete) for managing student records.
- Ensured validation, security, and error handling to improve system reliability.

2.TITLE: Protecting Cloud Data With Dynamic Security Via Network Coding.

TOOLS : Java , JDBC , Mysql , HTML ,CSS and Javascript.

DESCRIPTION: This project focuses on securing cloud data using dynamic security techniques with network coding. It enhances data protection by encoding information before storage or transmission, preventing unauthorized access and ensuring data integrity.

RESPONSIBILITIES:

- Developed the backend using Java for secure data handling.
- Designed the front-end using HTML, CSS, JavaScript, and Bootstrap for user interaction.
- Integrated MySQL for secure data storage and retrieval.

EDUCATION :

Bachelor of Technology | Computer Science and Engineering **2020 – 2024**

Vaagdevi College Of Engineering | CGPA:7.96

Intermediate | MPC **2018 – 2020**

Alphores Junior College | CGPA:9.5

School Of Secondary Education **2017 – 2018**

Goutham High School | CGPA:9.8

TECHNICAL SKILLS :

- Programming Languages : Core Java(J2SE) , Advanced Java(J2EE)
- Scripting Languages : JavaScript
- Database : MySQL
- Designing Languages : HTML, CSS, Bootstrap
- Connectivity : JDBC
- Architecture : MVC(Model View Controller)
- FrameWorks : Spring ,Spring boot
- Server-Side Programming : Servlet
- Server : Apache Tomcat

CERTIFICATES :

- Full Stack Java Application Development – Internship(MIPL/-24-25/JAVA-137)
- AWS Academy Graduate - AWS Academy Cloud Foundations
- Develop Soft Skills That Industry Demands – TCS-Ion

DECLARATION :

I do hereby declare that the particulars of information and facts stated here in above are true, correct and complete to the best of my knowledge and belief.
